Tribute to Takahama

# LOOP

## Technical characteristics

### TOP

52 mm thick top composed of 2 tops:

- internal wood fiber top (in medium density (MDF), light weight) 22 mm thick , **white lacquered finish.**
- external wood fiber top (in medium density (MDF), light weight) 28 mm thick , in veneer, leather or matt and glossy lacquered.

The 2 tops are separated by a 2 mm gap.

### LEGS

52 mm thick legs composed of 2 panels:

- 22 mm thick internal panel in white lacquered finish
- 28 mm thick external panel in veneer, matt and glossy lacquered finish and steel mirror effect, separated by a 2 mm gap.

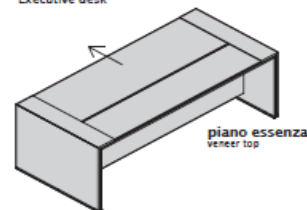

### MODESTY PANEL

The outer panel arrives at 12 cm above floor level concealing the cable management system

The modesty panel is always in the same finish as the external leg.

## LOOP

### ELECTRIFICATION

The desk can be easily electrified thanks to a sliding part of the top that allows access to the interior space of modesty panel with plug bar holder and cables.

## LOOP

### SERVICE UNITS

Service units can be used independent or as base for return desk compositions. Return desk compositions can be obtained adding W120 or W180 overhanged tops to plinth service units as shown below.
